Enduring Style

Character. Charm. High-performance heat. The new Stovax County combines timeless styling with advanced combustion systems, resulting in an Ecodesign Ready stove range that's as easy on the eye as it is practical.

Offering impressive flame visuals, the County features responsive slide controls to easily manage heat and airflow, plus innovative firebox engineering that ensures these stoves can be enjoyed in even the most urban of homes.

County 3 and 5

Stovax County 5 Ecodesign
Multi-fuel stove burning logs

With their rustic-meets-modern exterior, the County 3 and 5 stoves are designed to offer personality in whichever room they grace, as well as practical and high-efficiency heat. Ecodesign Ready and DEFRA exempt across the range and true to their aesthetic, these neat stoves are suited to both town and country living alike.

See additional images on page 3, front and rear cover.
