ESSENCE

FIREPLACES

Welcome

Adding a fireplace to your home can prove to be the most gratifying enhancement you introduce, contributing positively to both its ambiance and overall value. Each design within this collection originates with great care right here in the UK.

Years of increasing ingenuity and progress have furnished us with an assortment of fires and fireplaces suitable for various interiors and lifestyles, all the while upholding our fundamental ideals of refinement and minimalism. This timeless characteristic ensures that your selected fireplace will consistently align harmoniously with your preferences in furnishings and decor.

Be confident that our gas fires are meticulously engineered and rigorously tested to ensure optimal performance and dependability. Our surrounds are conceived to accommodate evolving lifestyles, encompassing exclusive features made possible by our investment in cutting-edge machinery.

Simultaneously, we rely on our artisanal expertise to individually refine and perfect each marble or timber piece to the utmost degree. It's this equilibrium between pioneering innovation and heritage craftsmanship that confers a distinct and unparalleled character upon your fireplace.
